

Helen Keller International JOB ANNOUNCEMENT

Country Director, Indonesia (*Jakarta, Indonesia*)

Established in 1915 with Helen Keller as a founding trustee, Helen Keller International (HKI) is dedicated to saving the sight and lives of the world's most vulnerable and disadvantaged. Headquartered in New York City, HKI currently conducts programs in 21 countries in Africa and Asia, as well as in the United States. Renowned for its reliability, efficiency and high level of technical expertise, HKI promotes the development of sustainable, large-scale programs that deliver effective preventative and curative services for nutrition, eye health and neglected tropical diseases. The hallmark of the organization's work is its proven success in developing, testing and scaling-up health interventions, and integrating them within government and community structures to support and build local capacity and sustainable solutions.

Country Program Overview:

HKI-Indonesia is HKI's oldest country office and has been a key eye health and nutrition contributor in Indonesia for over 40 years. In partnership with the Government of Indonesia, universities, donors, community organizations, and non-governmental organizations, the Indonesia country office is currently undertaking several research projects: 1) to assess promotion and use of breast milk substitutes and complementary foods for children 6-36 months among mothers and caretakers at private and public health facilities and 2) piloting and testing a model to address retinopathy of prematurity at neonatal care units and centers of ophthalmology. HKI is also leading a consortium implementing a comprehensive childhood blindness project including addressing refractive errors among school children and ensuring access to quality surgery; is implementing another innovative project to expand the reach and ensure a comprehensive approach to address diabetic retinopathy among known diabetics; and is continuing to build on the successful inclusive education of disabled children by advocating for strong support among decision makers and expanding the reach of the program to new areas. HKI-Indonesia will seek to expand the reach and depth of current projects through rigorous monitoring and evaluation to demonstrate program impact.

Functional Relationships

The Country Director reports to the Regional Director, Operations (based in Phnom Penh) and works closely with other staff members at HKI's Asia Pacific regional office and headquarters. External collaboration includes representatives of governmental, international, university and non-governmental organizations within Indonesia, as well as some donors.

HKI has a matrixed reporting structure that respects both the line management and authority within country office and regional hierarchies; and the accountability and oversight duties of subject matter experts and multi-country program managers at the regional and headquarters level. Regular communication and a spirit of team work among colleagues, both hierarchically and laterally are essential to make this structure thrive.
